Appendix I Training Event Codes

I-1. When requesting training ammunition, enter training event codes on the DA Form 581 to describe intended use of the ammunition. When turning in training ammunition, enter training event codes on the DA Form 5515 and DA Form 581 to describe the actual use of the ammunition.

I-2. Training event codes are either two- or three- character codes. Two-character codes are expanded to three-character codes, where appropriate, by adding a suffix to more fully describe the training event. For example, if ammunition items were expended for rifle qualification, the training event code is "BTQ," not "BT."

I-3. Tables I-1 through I-4 list training event codes for institutional training, unit training, field training exercises (FTX), competitive marksmanship, and miscellaneous use. Table I-5 lists suffixes

used to expand two-character training event codes to three-character codes.
