Congratulations on your assignment to Fort Benning!

We are home to the United States Army Maneuver Center of Excellence, which includes the United States Infantry and Armor Schools. As a TRADOC installation, many Soldiers in the United States Army call Fort Benning home at one point or another during their careers. As such, we boast some of the military's most prestigious and rigorous leadership and functional schools, and we support a population of over 40,000 Soldiers and Civilians. Having been stationed here multiple times throughout our careers, Command Sergeant Major Pouliot and I can say with confidence that life on Fort Benning has never been better than it is today.

Not only are there endless opportunities on Fort Benning for professional growth, but it's also a great place to bring your family. Our installation schools support your children's education from Elementary through Middle School. Additionally, our on post housing options are expertly managed and the life, health and safety of our residents is our top priority. This means we strive every day to improve the quality of life for both you and your families by investing our time to address any and all concerns. Our quality control program and services are overseen personally by myself and CSM Pouliot through platforms like CARE meetings, ICE comments and installation Town Hall events held both in person and via Facebook. Like the way we're doing something or have a concern? Attend a meeting. Submit an ICE comment on our website. Pick up the phone and call us! We exist to serve your needs.

Lastly, every installation is judged by its geographical location. Fort Benning is nestled in the heart of the South, with great proximity to many of the country's most well-known destinations like Atlanta, Savannah, Panama City Beach, and the Blue Ridge Mountains. We are also lucky to have towns like Columbus and Phenix City right outside our gates. As the second largest city in Georgia, Columbus is filled with opportunity for every interest.

Although there is no "one-size fits all" for everyone, we're confident that Fort Benning will come pretty close to fitting all of your needs. Thanks for helping us make life #BetteratBenning. Before your arrival, please take a minute to "Like/Follow" us on the U.S. Army Garrison Facebook page and the Fort Benning MWR page. These two resources are essential to staying in the know, and ensuring you don't miss something great!
